## The Centenary of St Patrick's Church, Cranagh

### ON SALE NOW

In 1912, the people of Badoney Upper built a new church in Cranagh for they valued the importance of handing on the very strong faith that they held. Their achievement was aptly marked in the splendour of an official opening ceremony on 29th September of that year.

One hundred years later, the publication 'Of Stone and Story' reminds us of just what an achievement that was. It tells of the people who made it happen and of those who have lived out that same faith in the 100 years since then.
